Quality Manual Revision Change Letter

Dear Valued Customer,

As always we appreciate your use of Weschler Instruments products. Our commitment to customer satisfaction and continuous improvement is demonstrated by our change plans to enhance capacity, quality and reliability.

This notice is to inform you Weschler Instruments has completed the process of reviewing their quality assurance program and have successfully implemented changing Weschler Instruments Quality Assurance Manual Revision 18, Dated: 11/6/2015 to Weschler Instruments Quality Assurance Manual, QAM-001, Revision 19, and Dated: 7/5/2018. This change complies with the requirements of standards ASME NQA-1-2008 with Addenda to ASME NQA-1a-2009.

Should you have any questions or would like to request a copy of Weschler's Quality Assurance Manual, QAM-001, please contact Weschler Instruments Quality Manager, Nancy Hughes, or your Sales Representative.

Sincerely,

Nancy Hughes

Quality Assurance Manager
